Three directions.
One signature.

Tezoro picks one palette, and we build the full identity around it.

Logo direction

A minimalist serif wordmark with a subtle “T” monogram. Understated, confident and made to last — as sharp on a garment tag as on a phone screen.

05 WHY IT MATTERS

Your brand is the *first fitting.*

Before a customer feels the fabric, he judges the name, the logo and the Instagram page.

THE POWER OF BRANDING

- **Premium brands earn premium prices**
  Customers pay more when a brand feels exclusive and trustworthy.
- **Recognition builds loyalty**
  Tezoro becomes the first name men think of for weddings.
- **A silent salesman**
  Your brand works on every bag, tag and post — every day.

WHY DIGITAL MARKETING

- **Customers are online first**
  Men search and compare on Instagram and Google before visiting.
- **Wedding plans start early**
  Digital campaigns reach grooms and families months ahead.
- **Results are measurable**
  Every enquiry, visit and booking can be tracked.

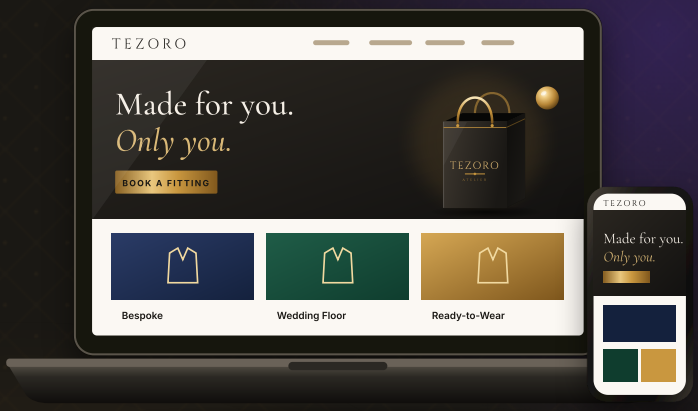

24 / 7

Online, Tezoro is open even when the shutters are down — showcasing collections, answering enquiries and taking bookings around the clock.
